

Consequences of DUI

Every year, over 1,500 people are killed and 130,000 are injured in crashes on roadways in Pennsylvania. One in three fatalities is alcohol or drug related. Two out of every five of you reading this brochure will be involved in a DUI-related crash. These crashes are preventable.

TEAM DUI

The Pennsylvania Driving Under the Influence (DUI) Association is addressing the DUI problem in all its many stages—from prevention to enforcement up to and including adjudication and rehabilitation.

We are a professional organization that provides direction, training, information and technical support to reduce the number of impaired drivers and the harm they cause.

Become a member of the PA DUI Association today.

Our Accomplishments

Members of the Association have been instrumental in bringing the following programs to Pennsylvania:

- PA DUI Safety Bug
- DUI Victims' Memorial Park
- Comprehensive DUI legislation
- Continuing education for hundreds of professionals in the field
- Underage drinking curriculum

The Association houses and supports Pennsylvania SADD

Who We Are

What We Do

For 25 years, the Association has been developing relationships with organizations throughout the state. These relationships make the Association a leader in the fight to reduce DUI deaths and injuries.

In particular, the relationship the Association has with the Pennsylvania Department of Transportation has been about much more than the funding PENNDOT provides for programs.

PENNDOT is integrally involved in our work. As the primary state agency charged with ensuring safety on our roadways, PENNDOT works closely with the Association in a public/private partnership that benefits everyone in the Commonwealth.

Membership Application

Together we can combat the deadly consequences of DUI. Please help us achieve this goal by becoming a member of the PA DUI Association by returning this application with the indicated dues.
